YOUR ROLE AS A PARENT

1. Guide your student on how to access health services
2. Teach them to be an advocate for their own health
3. Consider the issue of privacy
4. Support normative college student needs
1. Insurance coverage is required for all full time students
   - a personal insurance policy,
   - a plan carried by their parents, or
   - the group policy sponsored by the University

2. There is a Hard Waiver System
   - Your student is automatically enrolled unless you “waive out” by September 15
   - Go to [www.shs.uconn.edu](http://www.shs.uconn.edu) Insurance and Billing tab or go to the Parent Expo for more information

3. Student Health Services uses a Fee-for-Service model
